SOFTWARE ENGINEERING

ABOUT ME

I am a Computer Engineering graduate from Prince of Songkla University (PSU). I have a solid engineering background and learn new technologies quickly to produce great work. During my internship at Michelin Siam, I gained hands-on experience managing data for AI. I am a highly motivated person who loves challenges and is always eager to learn new skills.

EXPERIENCE

Trainee | JUN. 2023 - OCT. 2023

Michelin Siam Co.,Ltd.(Hat-Yai)

- Responsible for improving the company's problem-solving standards using existing tools.
- Main tasks included
 - Designing applications.
 - Developing databases.
 - Connecting applications to database systems.
- Conducted training sessions to help employees use the applications effectively.
- Created data that was later used for the company's Artificial Intelligence (AI) development.

Trainee | JUN. 2023 - OCT. 2023

- API & Backend Development
 - Developed and maintained high-performance RESTful APIs for core system functions using Go (Fiber Framework) and Node.js.
 - Managed MongoDB database, writing specialized aggregation functions to ensure fast and efficient data retrieval and reduce server load.
 - Implemented crucial security features, including user login systems and data encryption.
- Real-Time & Integration
 - Built real-time functionality using WebSockets for system notifications.
 - Integrated LiveKit to enable calling features within the application.
 - Configured integration with external services such as MinIO for image storage and Discord for system alerts.
- Front-End Development
 - Handled basic front-end tasks, including designing and implementing web pages according to provided design specifications.

SKILLS

Tools & Version Control

- Git
- Docker
- React
- Node.js & Express.js
- Redis
- Go Fiber
- MinIO
- Next.js

Language

- Go
- JavaScript

Soft Skills

- Problem-Solving
- Teamwork
- Work well under pressure

Database

- MongoDB
- PostgreSQL

EDUCATION

High-School | 2017-2020

- Dechapattanyanukul School
- Mathematics-Science Program

Prince of Songkla University | 2020-2024

- Department of Computer Engineering
- GPA: 2.85
